# Outbreak of influenza strikes students

Classrooms are polka dotted with empty desks and chairs. Lights in dormitory windows flicker out earlier than usual, and some students seem to ooze, rather than walk, to class.

staff had been working non-stop and overtime to tend to the wretched mob of flu victims decorating the waiting

"We're very tired," said nurse Brenda Hooks, who has

"We had kids lying on the floor in the hallway wrapped up in blankets. It looked like something out of M\*A\*S\*H." -Health Center nurse, Brenda Hooks

Last week over a three day period, over 140 people sought medical attention at the health center located in Holloway Hall, most of them having a case of influenza, better known as the flu.

worked at the health center for 15 years.

"Tuesday we had kids lying on the floor in the hallway wrapped up in blankets. It looked like something out of M\*A\*S\*H. But none of them complained about having to wait," added Hooks.

Some students, according to hooks, have the flu mixed with other things, like strep throat, and some cases could even escalate into pneumonia.

Students who came to the health center complaining of sickness have a variety of symptoms, leading the health center staff to believe that more than one type of flu is spreading around campus.

"We won't know for sure for another ten days, when we get the results on the culture tests back," said Hooks.

Classes will not be canceled due to the flu outbreak, as there is no precedent for closing a public school due to

If such a decision were to occur, it would be handed down by administration.

Symptoms of influenza include elevated body temperature, sweating, chills, loss of energy, and bodily

An anonymous off-campus resident described his pains as feeling as though "Billions of needles are being stuck into my stomach and ribs."

Once a person realizes he or she has the flu, getting plenty of rest, staying indoors, and drinking liquids are recommended.

Additionally, cough medicine and Tylenol or aspirin are helpful to relieve discomfort.

agrees that the interest has declined. He said, "When we first started the recycling there was an enthusiasm. It's like when the Baltimore Orioles opened a new stadium. The first year every game was sold out.

However, Shaw believes that there are other reasons that the students are not responding to the recycling program.

He said, "A lot of it is laziness, and I can understand that. Students are here for classes. The last thing they want to worry about is where to throw their beer can."

Christine Bach, sophmore, believes that students just don't want to take the time to recycle.

She said, "People who don't recycle must think it is hard. It's easy if people would just try it. It's not difficult to throw your can in one container and your paper in another."

..Currently, Shaw and Lutz, are trying to create ways of regaining interest in the program. According to Lutz, posters have been made and placed around campus, including in the resident halls.

Shaw said, "We want to get an education campaign going. A lot of students don't know (continued on page 2)

# Bellavance reveals new plan

by Lauren Weis, staff writer

SSU President Thomas Bellavance revealed his alternate plan for appeal to the Board of Regents at a Faculty Forum meeting on Tuesday, Feb. 23.

Bellavance's appeal is in response to the University of Maryland system's Board of Regents mandate demanding SSU cut \$780,000 from its budget.

These cuts suggested by the Regents include the elimination of five majors: French, Spanish, medical technology, chemistry and sociology, as well as the modification of the graduate nursing and teacher education programs.

Bellavance said that SSU is asking for more in its appeal than any other school in the system. "We are asking to retain five of the six programs originally selected for elimination.

Bellavance will ask the Regents to allow SSU to retain majors in Spanish, chemistry, medical technology, and sociology.

Negotiations are also continuing in the struggle for the graduate nursing program to retain control of its own administration. The Regents plan suggests it be run by University of Maryland at Baltimore.

He said, "We have got to do something to save what we consider to be the essence of the university.'

Bellavance has offered five programs in lieu of the majors originally cited for elimination by the Regents. The alternate majors include French, social sciences, physical sciences, leisure studies and the master's degree in history.

French, which was on the original list, will remain as a scaled down program, but eliminated as a major. (continued on page 3)

by Michelle VanNess, staff writer

The amount of glass and aluminum that is collected from the resident halls dropped by nearly 50% from the spring to the fall semester, according to Leslie Lutz, director assistant

grounds/horticulture.

Lutz said, "The resident halls are the only area where we get glass and aluminum in large volumes, and it's down."

The SSU recycling program was started in September of 1990. According to Lutz the program was first met with a great deal of enthusiasm, but

the efforts of the students have since been declining.

"It's really discouraging. When we first started. . .there was a tremendous amount of support. I'm feeling that there is an apathy, that it is not as big of a deal," he said.

Student supervisor of the recycling program, Rick Shaw

SSU students are amazed by the first snowfall of the semester. All passersby were fair game as snowball fights ensued throughout the day.

# Student interest in recycling program drops

(continued from page 1) about the parameters of the

One plan Shaw has been through educational programs system.

However, this action has not met with success. "There really because the range of the receptacles. isn't much the RA's and RD's can do to get the students interested. I've been massive amounts of compost scheduled to do two programs and no one showed up, "said

Shaw does want to stress for the students, the university the recyclables.

He said, "A lot of students expressed concern that they don't appreciate the school making money. We only make money for aluminum, but that doesn't shadow the cost for tin, glass and paper."

The recycling program currently pays a contractor to haul away the materials collected from SSIJ.

certification.

-SSU President Thomas Bellavance not affect students majoring in than the Graduate and

Continuing Education Office. The administrative duties of the school of nursing and health sciences will also be dissolved. The departments will be relocated under the Henson School of Science and Technology.

In addition, in order to put more faculty time into teaching, SSU will consolidate eleven academic departments

The following departments will join: liberal studies and the office of the vice president of Academic Affairs, modern languages and philosophy, political science and sociology, chemistry and physics, computer science and mathematics, and respiratory therapy and medical

This will benefit students by freeing up faculty time originally spent on administrative duties for use in the classroom, Bellavance said.

These, as well as other changes encompass Bellavance's alternate plan which he will appeal to the Board of Regents on Thursday March 25, in the University of Maryland at College Park Adult Education Center.

The hearing will take place from three to five pm and is open to the public. Faculty, staff and student representatives will speak on behalf of the alternate plan.

# Campus judicial systems face date rape dilemma

by Karen Neustadt College Press Service

A college student is accused of rape, found guilty of the crime by a campus judicial committee and sentenced to 100 hours of community service. His accuser and the university are convinced of his guilt, but he maintains his innocence. What is his recourse?

In January, Mark Mazour, a 21-year-old architectural engineering student, decided to sue Kansas State University on the grounds that his constitutional rights were violated.

The case illustrates the tenuous position of university judicial systems when dealing with the explosive issue of date rape, a crime that can bring a seven- to 10-year prison sentence in the criminal justice system.

Mazour, who was accused last fall of rape and aggravated sodomy by a female student, contends that the university's authority, and the university denied him due process in the judicial proceeding.

Criminal charges against Mazour, like many similar date rape charges, were dismissed for lack of evidence. And Mazour said he was not allowed to subpoena or question witnesses during a campus investigation, nor was he allowed to be present when witnesses were called.

"Mazour is still on the Kansas State campus," said John Fairman, assistant vice president for university relations at KSU.

In many cases, if the date rape victim presses formal charges, there is a simultaneous criminal that, on a date, it is not rape." proceeding going on at the

proceedings, often taking nonths to go to trial.

However, criminal prosecutors are sometimes hesitant to prosecute date rape cases because the parties knew each other before the alleged incident, and there is usually a lack of evidence. Assessment of guilt or innocence comes down to a question of who is the more credible witness

Students who are accused of rape argue that a campus judicial system can ignore their constitutional rights by allowing a single individual or board the power to be prosecutor, judge and jury. And educators are concerned that campuses are making themselves vulnerable to lawsuits by bungling the processing of rape cases or failing to protect the victims.

And there also are those who say campus justice isn't tough enough on rapists.

Carol Bohmer, sociology professor at the University of Pittsburgh, and author of "The Campus Rape Crisis," said schools need to have clearly written codes of conduct that include a punishment of expulsion in the case of forcible sexual contact.

"Often the punishment doesn't fit the crime," Bohmer said. "If rapists were in the criminal justice system, they would be imprisoned, but judicial committees give them community service, probation and minor things.

"Everything depends on how seriously the crime is taken by the university," Bohmer said. "It is difficult for people to treat this seriously, because there is a widely held attitude

NAUGHTY CINGERIE, NOVELTIES & CONDOMS

AIRBRUSH STUFF & DECAS & SILKSCIZEEN STUFF.

AMERICAN:

themselves from lawsuits by meticulously following procedures and having portive attorneys on staff.

the university doesn't have decent procedures, and doesn't follow their own procedures, they will be at risk," Bohmer said. "Often they are bending...to protect the rights of the accused, and ignore the rights of the victim."

A university has a higher standard to live up to than the criminal courts because they are educating citizens, Bohmer

"In a traditional way, we are to teach people how to behave. I don't think college judicial systems should think of themselves as watered-down criminal courts," she said.

No two college judicial systems are the same, so there is no uniform procedure for the handling of date rape However, campus judicial panels often serve up a swifter style of justice than the criminal courts.

"You could be thrown off campus in a matter of weeks," said Raymond Schiflett, student legal adviser at University. "And if you are in a big city like Miami or Houston, it could take two years before you go to trial. The university can't afford to wait two years."

At Southwest Texas State University, the rape suspect meets with his accuser in the offices of the student justice director, who questions both parties about the incident.

Some attorneys advise their clients to accept the university penalty, which may include expulsion, and not to talk too much at the judicial hearing,

DOREAT WAR AND THE STATE OF THE

INCENSE NOW SISO MARRIE TEES \$12.95 SOU SPORT TEES \$1195

them in criminal court.

The alleged rapist may appeal to a board, said Schiflett, and at some universities, they can appeal to the president of the institution.

Since Congress passed the Campus Sexual Assault Victims Bill of Rights in 1992, universities are required to notify the accused and the accuser of the results of the judicial hearing.

Historically, a woman who filed a rape complaint through the campus judicial system would not be notified by the university as to the outcome of the proceedings.

"The woman would have no idea if the guy was found guilty, fined, penalized, whether he was still on campus what," said Michael Hiestand, an attorney with the Student Press Law Center.

"Whether or not the public has access to these hearings depends entirely on the state's open meetings law," Hiestand said, noting that campus newspapers often have to approach the two parties volved to get a story.

Kristine Collem, director of Southwest Texas State student legal services at Bemidji State University in Minnesota, said that after sitting through some of her school's judicial hearings on date rape, it was hard to say who the victim was.

"The justice system is just not prepared to sit through, 'he said, she said," Collem said. "I feel sorry for both parties. They both get creamed in the

At Bemidji, both parties are allowed to have an advocate present, but that advocate cannot speak for the accuser because if the proceedings are or the accused during the Bohmer noted that recorded, the tape could be hearing. Some universities,

to speak for the alleged rapist. Collem defends the idea of a

separate university hearing. "If they (the university) cannot intervene, there is no way to protect the victim," she said. "If you turn the matter over to the police only, they (the suspects) can live right down the street, or be in class

"I do see how some can feel there is unfair due process being observed. When using the conduct system to adjudicate sexual assault, it's a very controversial issue," Collem said. "It's an imperfect system.

Collem said she would like to eventually see a meditation process for date rape cases at every university that would eliminate many cases going before a judicial committee.

The Bemidii judicial board, after hearing both sides of a date rape story, often recommend that students attend alcohol rehabilitation classes, relationship education classes and women's studies classes, rather than expelling

Throughout the country, campus judicial officers appear to be in favor of strong punishment for any rapist found guilty by the university

In a recent survey conducted by the Towson State University Campus Violence Prevention Center in Maryland, 76 percent of campus judicial affairs officers surveyed throughout the country favored expelling a person from the campus who is found guilty of rape.

Accused rapists are not the only ones filing lawsuits against colleges. In some cases, victims are also seeking monetary rewards.

A young woman recently filed an \$18.9 million suit against George Mason University in Virginia, claiming that campus police bungled the investigation and that the university administration tried to whitewash the crime.

The woman said she was raped by three former George Mason University students who attacked her in her dorm room just five days after the freshman student arrived on campus. She said she did not know her assailants.

The Flyer is a totally student run production.

#### To All Students of Salisbury State University:

As noted in this week's edition of CrimeBeat, on Sunday, February 21, 1993 there were reports that a member of a National Greek Fraternity was calling various men living on campus asking them if they would like to pledge Sigma Alpha Epsilon. The caller then verbally abused the students who received the phone calls. We are writing this letter to simply do two things. One of which is to assure you that this sort of behavior is not condoned by any of the Greek organizations and the caller is not believed to be a member of SAE or any Greek organization. We hope that this does not alter your view of us. Secondly, we would like to encourage anyone else who may have information or may have been affected by this situation to please feel free to call Campus Police or any of the National Greek Fraternities. Presidents: Glenn Fueston (Pi Lambda Phi)

# Distinct culture emerges from the dining hall

by Janet Parenti, staff writer

The Ruth Powell Dining Hall is an all important social mecca for the inhabitants of the Salisbury State campus and its commuters who can't cook.

As in any place where so much time and indigestion is spent, it did not take long for an entirely new culture to emerge, as if a Phoenix rising from the plates of partially eaten London Broil.

This dining hall culture developed long ago. Students of yore who broke bread at the Great Hall of Dining soon realized that the awaited nourishment would consistently leave much to be desired.

Their taste buds were left crying out for "More, more!" "We need vegetables with texture and color. We cannot subsist on mashed potatoes and Cap'n Crunch alone."

And so the diners, yearning to fill the void, turned to a distinctly obscure art and language, somehow making their time at Ruth Powell worthwhile. Culture was born.

To this day, diners smash and mold their food into better artistic configurations on their plates, the tables, the flower vases and their friends. They converse about the finer things in life such as toe jam and history papers.

and better Little.

"We out proposed the finer things in life such as toe jam and history papers.

While discreetly observing their conversations (O.K., eavesdropping), I overheard students referring to people walking by as "Scary Lumberjack Guy" and "Super Girl."

Senior.

"Entert Freshman "Ignoran "Gladding. Careful Careful acquired."

Surely these are not people's actual names. My anthropological instincts (recently acquired in my Intro to Anthropology class) immediately kicked in. I sought to understand the significance behind these "dining hall code names."

Much to my surprise, I discovered that "Scary Lumberjack Guy" and "Super Girl" are just two among a host of code names. Naming the strangers that walk by one's table apparently is a fairly common phenomenon in the dining hall culture.

Some of the names given were fairly simple in their conception, such as "Sensitive Ponytail Man" who was named from the character in the movies <u>Singles</u>.

Other code names have more extensive and elaborate histories behind them. For instance, one gentleman has been secretly dubbed "Peppermint Grunties Featuring Beaver Boy Pelt."

He was named from the Washington D.C. City Paper cartoon "Refrigerator Johnny."

In this cartoon a boy named Peppermint Grunties kills Beaver Boy (a creature who is half beaver, half boy) and wears him on his head after he is dead.

The recipient of the nickname apparently "has hair that is huge. It looks like he has Beaver Boy perched on his head."

Other dining hall code names include:

"WWF" (a guy who looks like one of the wrestlers from the World Wrestling Federation), "Uncle Rat and the Relatives" (a skate rat and all of his friends) and "Dijon Man" (a good looking guy in a mustard colored jacket).

According to the various people surveyed, people watching and nicknaming is not an activity arising out of meanness.

Rather, it is an activity meant "to pass the time humorously and for lack of something better to do," said Junior Chris Little.

"We do it so we can point out people discreetly," said Freshman Holly Zemlicka.

"Because we enjoy watching people," said Kevin Johnson, Senior.

"Entertainment," said Freshman Sue Heffner.

"Ignorance," said Junior Rich Gladding.

Careful analysis of the data acquired during my study indicates that people do not know the people they give nicknames to. The recipients of the names are also 1) either liked or admired from afar, 2) being made fun of, or 3) have a particularly noticeable quality about them.

For example, "She Who Can Not Be Named" is a female who is "extremely beautiful. You can't put a name to her--you don't want to know her name."

"Mr. Crayon Head" is a guy "whose hair looks like a little kid scribbled it on with a crayon."

And "The Four-Foot Girls" are "these little short girls who are all friends."

But perhaps the most universally recognized legend of the dining hall code names is "The Walk." --"He knows who he is, man."

(photo by Samuel Gibson IV)

Students create a distinct culture in the dining hall by entertaining themselves during their meals.

# Students deserve to be heard too

In response to your call for letters and especially opinions, I would like what now is the Salisbury State Trade Academy. to comment on the proposed decision by the Board of Regents to cut academic programs from Salisbury and other institutions within the University of Maryland System.

Currently, faculty and administration are formulating an appeal, one which hopefully will contain some form of logic. I think this is great, but I have one problem. Much of the negotiating and lobbying for or against programs is being done behind closed doors.

However, I was fortunate enough to hear some of the debate at the faculty forum meeting on Tuesday, Feb. 16. I was asked to deliver a statement by the student advocacy group, Students For A Socially Responsible University.

As a token gesture, the chair of the forum allocated two minutes, so that at least some student voice could be heard. Due to the unfortunate circumstance of political rhetoric, time ran out and I was not given the floor. After adjournment of the meeting, I felt like I had just been run over. Not because I had a bruised ego, but another injustice had been served to the student body.

By not allowing the voice of the students to be heard, there was only a level of elitism propagating by self proclaimed importance. As a result of this sort of action I am recommending students to question authority, and be cognizant of what is happening on this campus. Also ask yourself, "should political expediency outweigh academic integrity?"

By the time this is printed, pseudo-consensus will have been achieved, and some programs will have been sold out by self-interests. But, who vulnerable to further decimation in the future. knows, maybe in time you will be proud to say that your are a graduate of

Respectfully submitted, Dennis Dodson Students For A Socially Responsible University

The following is the statement I planned to read at the Faculty Forum meeting. Better late than never, right?

Salisbury State University enjoys a distinguished reputation throughout the state and in the broader region for its academic integrity, its personal approach to learning, the expertise of its faculty, the broad base of its course offerings, and the close cooperation of the community.

As students, we want to show our support for maintaining those high standards of quality in the face of the pending budget cuts.

We want to urge you to continue to fight for the principles of true liberal arts education and be mindful of the mission of our university when contemplating proposals to introduce students to a "system of ideas about the nature of humanity." Only when successful programs are kept intact can they maintain their high caliber of excellence. There are many avenues of cooperation between colleges in the Marvland system that can be explored in the future for their merit; we should not settle for that type of compromise now!

We are with you in our support of the principles of academic integrity and autonomy. Debasing those principles now would only make us

Thank You

My views, the right views

sheep looking for a watering for employing the always happy to come up with hole, and not much else. A few presentational format I "catch-all" laws to cover gray shepherds, although suggested for editorials. It's areas, since individual rights occasionally drunk, are the definitely flattering to me, and take the brunt of such only ones who seem to know besides it'll surely rekindle generalizations. The less that the flock is in trouble. Get sore issues dulled by the distinctly or clearly a law is minds of your own. You don't break. Secondly, I will single- written, the more subjectively it have to like something if you handedly render the correct may be enforced. In this case answer to each question you intolerance allows for certain Writing to an editor is not posed in your Feb. 23 editorial.

since we all seem to want to insidious maneuver was whom? What is the deciding party and forget about carefully planned for the end factor in declaring words everything. There's nothing of the semester to catch "harmful?" I'll tell you what it wrong with celebration but students in their "end of the is. The testimony of the

semester Nirvana type yay screw it I'm-leaving anyway' modes. The University of Maryland system will soon be blatantly lopsided by the state government and the Board of Regents (fat cats).

2. Acts of intolerance-The real issue of intolerance? When does a slur become a did, (here), or so I thought, but pre-professional under- threat? When does prejudice become discrimination? It's As for the free weight room, media call it "dumbing down." belief vs. intent, or action. You everyone knows you can't lift this place is one big high see, threats and discrimination are illegal, but slurs and Sign me, prejudice are not. Campus correctness sometimes causes us to forget this. Tolerance must be a two way street, even if that means tolerating people with shocking opinions.

This intolerance thing is SSU students are alcoholic I would first like to thank you dangerous! Enforcement is "rights and wrongs" of speech 1. The Spending Cuts-This to form, but as determined by

individual who was affected! wasting the school's money. Way too gray for me! Not only does this give the affirmative power of interrogation to one biased (everyone is) individual, but on the basis of emotional evidence! A punch in the nose is manifest and definite but a blow to the soul is unfortunately something that cannot be defended in a court of tangible evidence. Period. "God" save a country where

feelings lead to failings. 3. SSPB--Who in the hell is Vic Cottingam? Am I supposed to go see him just advertisements? 'Why should we cater to your need for program support and student attendance, when you don't ever consider the student need for choice in campus entertainment - that is if they are expected to attend! You've stopped serving beers, you've banned smoking, you hire boring hippies and puppeteers, or pay rookie security guards to "control" (forcibly restrain) slam-dancers, and still you expect some kink of faithful turnout. Either cater to those who are to be entertained or stop sponsoring

4. SSPB MOVIES--I've always felt that "top float" pop culture should be reserved for those too dull to involve themselves in real culture. So, ves. The movies are appropriate for SSU. In case anybody doesn't

know who I am, I'm a subversive deviant, with the best possible intentions. I've been here for three years now, and all I've really witnessed here is our freedoms plummeting into a pit of policy. There are a lot of decent people at this school, and it is for their sake (and mine) that I have chosen this point in time to reveal these unmistakable truths. I used to publish "Speakout" with my anarchist Satan worshiping gay lover/brother J.J., but now I write to the Flyer. Keep in mind that these are just opinions, but they're my opinions, so if you don't agree, you're wrong.

Bradley A. Barkett

Campus Box 3062.

Bells, bells, a waste of money, money, money

This is my fourth and final semester at Salisbury, and I think a serious look at how this University spends it's money is long past due.

I understand that certain percentages of the university's total income are allotted for specific things, but when I read They were thought of as much on superficiality.

I think bells are nice, but they don't need to be broadcast so that every anywhere on campus can hear

Why not use the money so readily spent on those bells, or on that architectural marvel between Devilbiss and the University Center to boost pay rates to professors, or to buy new lab equipment? Why does this University feel the need to be so visually appealing? I came to this in last week's <u>Flyer</u> that those chimes were bought with the bells in Holloway (the old school because I liked the school funds, I was a trifle obsolete ones)! I believe this disgruntled. What was wrong institution should focus on with the old chimes again? education more and not as

#### The Extra Point... with Kevin Bradford

There is a common theme in sports today. The star athlete counted on heavily by his or her teammates, fails his peers by becoming ineligible, and eventually, flunking out of school. Does this sound familiar?

It is just another sad chapter in the game of sports today, and another reason for the public to scrutinize athletics.

However, recently at SSU, a plethora of athletes have stepped up to the challenge. It's gut-check time, and these athletes not only get the job done on the field, but have been getting after it in the

Our society doesn't hesitate to point the finger at athletes when they don't succeed with the books. Yet, when an athlete excels in academics. it's never an issue, the concept is thrown away like yesterday's sports page. It seems that society turns its head at such accomplishments.

It's time that we stop throwing away achievements and respect these athletes for who they really are. They're not dumb jocks, even though most are stereotyped as soon as they step on the field. It seems as if this label is carried with you throughout your athletic career.

These people are human beings, deserving of much respect. As in society today, we tend to "judge a book by its cover". And most athletes are treated accordingly.

To any stereotypical people out there, I would like to tell you something you might not know. On February 15, the Maryland Association of Collegiate Directors of Athletics sent out a release of the MACDA academic honor roll for the fall 1992 semester. The MACDA honor roll recognizes student-athletes who achieve a grade-point average of 3.0 or higher in a semester. A record number of 1,465 student-athletes in Maryland higher education institutions earned MACDA honors. SSU was third behind Towson State and the leader, University of Maryland College Park.

"It was a great way to go out," wouldn't had a chance to win said senior Jim Shephard, this game." playing his last game in the Goaltender Steve Jovanavic, Seagull gold and maroon. who usually splits time with

After a lopsided loss at the Shipsky, let Shipsky play the hands of UMBC, the Gulls had entire game. "As much as I wanted to Navy in a hole and nearly pulled out an upset win. Navy play, when someone's having a had defeated SSU 8-3 earlier in game like that, you have to the season

Navy opened the scoring, Jovanavic. but SSU quickly evened the score on a shorthanded goal by left wing Keith Byrne.

Navy, however, reclaimed the lead, scoring two unanswered goals to take a 3-1 lead

Then the Seagulls rallied, reeling off four unanswered goals, claiming a 5-3 lead. SSU center Eric Melette initiated the string of goals, pounding in a rebound late in the first period.

Melette added another goal when he converted a breakaway in the second period. Within two minutes of that tally, center Mike Grosso registered two goals of his own. The first, a deflection of defenseman Iim O' Dowd's slapshot, was a power play goal. The second came on a high wrist shot, assisted by Mellette.

The 5-3 lead was short lived. Navy tied the game before the close of the second stanza. They then scored two goals in the third period to notch the

"Although the quick goals

"I think it [having a smaller team] actually may have helped," added O'Dowd. "We were more focused. We were all in the flow of the game."

"Whatever it was, it worked," saves. If it wasn't for him we he added

> In addition to the earlier loss to Navy, the snow storm that day didn't help the Seagulls prospects either. Due to the difficulties in transportation. the Gulls only had 9 players, while Navy had 25.

"It didn't look good," said one player. "They had so many keep him in there.," said players and we only had 4

## Athletes excell in classroom

(continued from page 16)

Out of 440 student-athletes this fall, SSU placed roughly 37 athletes. Last spring there percent, 166 on the MACDA list. Most importantly, SSU also had the highest number of student-athletes in the state of Maryland with GPA's of 4.0 with 15.

Another impressive note is that out of the 15 4.0 semesters, and I'm setting my student-athletes, nine of them goal to reach the ranks as well. grabbed their high marks As much as I'd like to list every while competing in their particular sport during the fall semester. Not only should you pat yourself on your back, but you should also be recognized by others. I think this is an outstanding feat, and I envy all 166 of you.

If you're surprised don't be, school?

there's more. Academic success is nothing new for SSU were 156 student-athletes who received 3.0 GPA's or higher. Thirteen of them had a perfect 4.0, while 45 reached the dean's list with a 3.5.

I sure hope this list continues for SSU in the future athlete who captured these honors, it would obviously take up too much space. But, you know who you are. So keep your heads up and continue to take pride in your studies as well as your sports. By the way who said this was just a party

## Men's Lax face powerhouses

(continued from page 16)

The netminding job will not be the only position with a new to the offensive attack will be face, as SSU's top four scorers graduated last year, and must be replaced by relatively inexperienced players.

Freshman Jason Coffman, from Carthage, NY, is being looked to carry a lot of the offensive load this season.

Coffman is a Coach's Association High School All-American

"He's (Coffman) had several good games in preseason,"

Berkman said.

Another player that will add sophomore Dan Mergott, from Dexter, NY.

"How well our young attack develops as they play together will be one of the other keys to our season," Berkman said.

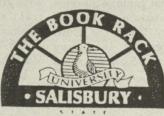

The Gulls are entering this season as the fifth ranked team in the country, and open the season play against three nationally ranked opponents in their first five games.

## Men race to 123-93 victory

(continued from page 16)

Salisbury State 106 Frostburg State 97

The Sea Gulls avenged an earlier season loss to Frostburg State University on Friday

SSU downed FSU 106-97 in the semi-finals of the ESAC tournament

"There is somewhat of a rivalry between us (Frostburg and Salisbury) and they always play well against us," SSU head coach Ward Lambert said. "It is a great win when you beat them on there own floor."

It was a closer game than the score might indicate, as the Bobcats led for most of the first half.

FSU held a 52-50 halftime lead.

The Sea Gulls blew the game open with 5:51 left to play in the second half.

Leading 86-80, Grebowsky sank a three pointer to extend the lead to nine, 89-80. Dameon Ross and Tom Wolfe put the game out

jump shot and Wolfe cashed in two free throws, to give the Gulls a 13 point lead that they never relinquished.

Five SSU players reached double figures.

Ross collected 31 points including three three-pointers. Kevin Cromer had 19 points, Ed Farrell scored 18, Tom Wolfe added 16, and Bret Grebowsky chipped in 11.

SSU out rebounded FSU 48-25, as Ross and Farrell led the Gulls with 11 caroms a

Kevin Murphy led the Bobcat attack with 28 points (four three pointers) and he went 12 for 12 from the charity

Donny Woodard added 20 points while Todd Mallery and Jason Simms had 15 and 13

FSU's leading rebounder was Kelvin Clayton with 6

#### **Attention May Graduates**

Because of the increasing numbers of graduates, the Committee decided to issue tickets for guests attending the graduation ceremony. This decision went into effect for the December 1992 and will be ceremony as well.

Each May Graduate will be provided 6 Guest Tickets. Please note the following dates and deadlines:

March 1-5 Book Rack Graduation Center open for ordering caps, gowns, announcements and other graduation paraphernalia.

April 28- May 17 Pick up caps, gowns, etc.. and 6 tickets at Graduation Center.

April 28- May 17 Sign up at University Center Information Desk for additional number of graduation tickets.

May 19-May 28 Pick up extra guest tickets at University Center Information Desk.

More information on the foregoing will be available throughout the semester. Check regularly in the Newsletter, Flyer and MAX for details.

#### Phi Alpha Delta

Phi Alpha Delta, the largest international law fraternity, is seeking people interested in joining its organization.

Founded in 1902, this professional service organization seeks to advance the ideals of equal justice under the law.

Phi Alpha Delta's pre-law program offers the undergraduate the opportunity to gain insight into the various aspects of preparing for law school, choosing a law school, and selecting law as a career.

Additionally, for current members, the first meeting of the spring semester has been scheduled for 7p.m., Thursday, March 4, in the Guerrieri University Center lounge. Old business and new business will be discussed and all members are encouraged to attend.

If you have an interest in law, and would like more information about joining, call Karen or Jenn Silvestri at 742-0567.

#### Prevention Resource Center

University Graduation Do you think that marijuana should be legalized? Whatever your opinion might be, we would like to hear from you! The Alcohol and Drug Prevention Resource Center implemented for the May 1993 will be sponsoring a campuswide debate on the issue in mid-March, and is in the process of finding students to debate for both sides. If you are interested in participating or in finding out more information please contact Jennifer Berkman, Director of the Alcohol and Drug Prevention Resource Center or Joy Marowski at 3-6309, or stop by the Center on the second floor of the University Center.

#### Center for Personal and **Professional Development**

The SSU Job Fair will be held on Wednesday, March 10, from noon to 4:00p.m. in the Wicomico Room of the Guerrieri University Center. The FAIR is open to all majors and features employer's who have openings for full-time. part-time, internship and summer positions. registration is necessary.

The Education Job Fair will be held on Thursday, March 25, from 3-5:00 p.m. in the Wicomico Room of the Guerrieri University Center. All educations who are interested in learning about teaching positions should attend. School systems from Maryland, Delaware, Virginia and West Virginia will be participating.

#### Psychology Club/Psi Chi

The Psychology Club and Psi Chi will be having a Pizza Party at the Gull's Nest on Thursday, March 4, from 4-5 p.m. Students with an interest in Psychology are welcomed. Psi Chi is currently seeking new officers for the following year, if interested please attend.

On Tuesday March 9, 1993, the Education Club will hold it's second meeting. The center for teaching peace or conflict resolution will be making a presentation. The meeting will be held in CH 211 at 3:30p.m. All are welcome to attend!

#### Center for Personal and **Professional Development**

Are you unsure about your major? Do you have a major? Are you worried about your career opportunities? If the answer is yes to any of these questions then we may have the solution to your problems. The Center for Personal and Professional Development has walk-in hours on Wednesday's from 7pm to 9pm to answer your questions and to lead you in the right direction. You will be able to talk to fellow students-- many of them have had the same questions. We'll help you find your interests and skills, then it's up to you. This is Free, Confidential

#### Department of Housing

Resident Director Positions '93-'94. Applicants must be full- time graduate students during '93-'94. Resident directors live-in and supervise one residence hall. Compensation: room and board, utilities except telephone, \$2,250 per semester, tuition waived. Application deadline March 8,

1993,5:00 p.m. Applications available at Department of Housing, Chesapeake 1A.

#### Surf Club

The SSU Surf Club is back! Our first meeting was February 23, but it's not too late to join. Surfers, bodyboarders and all those interested in the wild world of waves are encouraged to join. We are getting T-shirts printed, planning a trip to Cape Hatteras, N.C. (April 23-25) and we will be assisting with the American Cancer Society's Tri-Athalon in Salisbury on May 8. Watch for announcements of our next meeting. Stokin!

#### AMA Meeting

The American Marketing Association will hold a meeting this Tuesday, March 2, in HH 114. Everyone is invited and encouraged to attend. If you are looking for a place to get involved on campus plus gain valuable experience for the future, the AMA is for you. Looks great on resumes too! Come and see what great we have.

#### **Student Government** Association

Have you found yourself The American Marketing

#### Math Club

The next Math Club meeting will be on March 9 in Power Professional, room 117 at 3:30p.m. We will be discussing our trip to Washington D.C. If you have any questions about this trip please contact our president Surai at 548-7038.

Thanks to all the participants of the Math Models Competition. We wish both our teams luck!!!

# **AMA Heads to Panama**

complaining about SSU a lot Association is sponsoring a trip lately? Or do you have some to Panama City, Florida for ideas and don't know who to Spring Break '93. For only \$134 take them to? Come to the (\$224 with transportation) you General Assembly Meeting on could be lying on the white March 7 at 7:00p.m., in sand beaches of Panama City Nanticoke Room A, University and playing in the warm Gulf Center and tell us what you're waters. As a bonus, our price includes free admission to the hottest club in Panama City, Spinnakers. Spinnakers was the place to be during Spring Break '92 as Kansas and The Smithereens provided concerts for the breakers. Just contact Kara (742-6314) or Keith (219-2689) by March 10 and you'll be on your way to 7 nights of fun. Remember, Spring Break is only 5 weeks away. SEE YA THERE!

#### Alpha Sigma Tau

Rush is off to a good start! Remember every girl interested should just come out and see what sororities are

Anyone that is interested in walking for MS in the Walk-A-Thon, come join AST on March 28! It's for a very good cause and a lot of fun.

big CONGRATULATIONS goes out to all of the AST girls who made grades and worked hard to get there. Keep up the good

Happy Birthday to Cathy and Carolyn!

Thanks to SAE for the good time on Friday.

As for the TKE men, we've started a tradition- can't wait for the 3rd annual Pajama Jammy Jam! We had a blastmodified TWISTER anyone! One last thing- SEND IT!

#### Pi Lambda Phi

thanks to everyone who came

out to our party the other weekend, it was a blast! If anyone out there is still interested in RUSH, our last informational meeting is March 3 at 7:00p.m. in Nan. Room C (U.C.). Come check us out or call Glenn at 548-2088 or Jason at 860-1472. This semester is going to be packed with road trips and socials, so

#### Tau Kappa Epsilon

be a part of it! Rush Pi Lam!!

Another slam- bang semester is under way! All brothers are ready to rock and look forward to meeting any perspective associate members. Look for our inferest meeting signs around campus and come see what SSU's most exciting fraternity is all about.

Special thanks go to the Lovely Ladies of AST for a wicked pajama jammy jam last weekend. We look forward to meeting other beautiful women from SSU's sororities. To party down with TKE, call Pi Lam would like to say Chad at 742-6841. All Greek and Non- Greek organizations
